

Dear Parents,

We have always endeavoured to provide our students opportunities to participate in a variety of programs that enhance their abilities. In consonance with our mindset to empower our students, we have partnered with Prepmyskills to implement a truly relevant Life Skills and Personality development program for the academic session 2022-23.

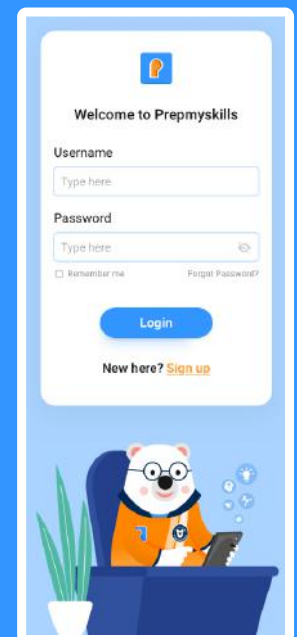

Prepmyskills is a unique platform that enables children to build their Personality through Life Skills. This program will be implemented for all students from Grade 1 to 9. It is a self-paced program covering different skills in twelve essential focus areas that enable children to be future ready.

Habits, Values, Empathy-Feelings-Expression, Social Skills, Emotional Skills, Self-Management, Personal Development, Financial Literacy, Academic Excellence, Sensitivity, Adolescent Management, National Pride.

► Steps to Login

- Click on <https://play.google.com/store/apps/details?id=com.b2c.prepmyskills> to download the app from google play store onto any android device.
- If you have a previous version of the app on your device, uninstall it and download the app afresh from google play store.
- Do not register yourself. You have been pre-registered as students of C M International School.
- Log in using the username and password provided in your class group.
- Reach out to Prepmyskills team at support@prepmyskills.com or call them at **7428798882**.

I am sure our students will benefit immensely from the inputs they will receive from this program. I urge them to maximize their potential and learning through this unique program.

Principal

C.M International School.
